

Web Development Project User Stories

#	As a/an	I want to...	so that...
1	bride	book a wedding cake	I browse the website to find information related to wedding
2	traveller	try the almond torte	I check their hours of operation
3	local	buy the almond torte	I check their popular times to avoid the lines
4	pastry maker	learn how to make cakes	I browse the pictures of the cakes
5	cake lover	keep myself updated	I fill in the contact form
6	mother	order a birthday cake for my child	I browse the website to check the price
7	person who has never tried almond torte	know more about it	I watch the video on the website
8	person who has never been to a store	check the store location	I use the Google map on the website
9	person who loves to read	read others' reviews on Prantl's Bakery	I read the Huffington Post article linked on the website
10	person who can't decide which store to go	find out which store to go	I compare the two stores on the website
